He's also concerned that Harold Brown may not be ready to respond in testimony if asked about this study. 3. He thanked me for the paper we'd sent Jody Powell on what we can say about Cuban involvement in the Katangan invasion of Zaire. He wanted me to know, however, that the State Department is saying that people on the Hill are saying that CIA people on the Hill are denying that there is a connection. I told him I had no evidence of this but would keep my eyes and ears open.
